

❖ Image**❖ Application**

- Use for most of new cars (*02 seats to 16 seats*) and light trucks use 12V battery manufactured for Japan, Europe, USA, Asia market.
- Use since 1996 for America, 2000 for the European, 2004 for Asia and Africa market to now
- Compatible with a variety of latest-generation models (*the entire latest-generation vehicles until 2010, not limited to new models in the following years*)
- See also List of the models which work well with OBD-II Scantool
- The scope of application of DTDScantool

❖ Advantages

- High-quality
- Newest USA Technology, not limited to new models in the following years
- Low price

❖ Function

- Determining correct the accuracy, malfunction position of components on the engine
- Read and erase fault codes has been stored in ECU
- Reset ECU back to the original parameters of the manufacturer (*Reset ECU*)
- Turn off Check Engine Light
- Look up location of faults in the engine, suggest repairing and overcoming
- Display current sensor data, including:
 1. *Engine RPM*
 2. *Calculated Load Engine*
 3. *Coolant Temperature*
 4. *Fuel System Status*
 5. *Vehicle Speed*
 6. *Short Term Fuel Trim*
 7. *Long Term Fuel Trim*
 8. *Intake Manifold Pressure*
 9. *Timing Advance*
 10. *Intake Air Temperature*
 11. *Air Flow Rate*
 12. *Absolute Throttle Position*
 13. *Oxygen sensor voltages/associated short term fuel trims*
 14. *Fuel System status*
 15. *Fuel Pressure*
 16. *Many others...*
- 01 OBD-II interface multi-mode

<ul style="list-style-type: none">- Many options for purposes- Simple to use- Biggest database in Vietnamese at the present- Support up to 65,000 fault codes, suggest repairing for all car manufacturers- High quality, stable and exact operation- Show the big screen, display the information of faults and clear suggestion for repairmen (<i>no abbreviation</i>)- Update data of computer software for free and simple- Products are being developed and has good prestige on the market- Good specialized technology training, transfer and guide.- 24 month warranty- Maintenance, materials replacement and technical support are all convenient- Hold programs of improving and training on demand	<ul style="list-style-type: none">- 01 CD installation of DTD-Code software is license to 01 computer- 01 OBD-II standard cable to connect Vehicle to OBD-II interface- 01 COM standard cable to connect Vehicle to OBD-II interface- 01 USB - COM converter to connect Computer and OBD-II interface (<i>Used for notebook computer without COM port</i>)- 01 Guide book- 01 cover <p>❖ Technical details</p> <ul style="list-style-type: none">- Operation System: Windows XP or Win 7- Processor: 586 MHz or higher- RAM: 32 MB or higher- Screen resolution: 800 by 600 pixels or higher- COM port or USB port
