❖ Image

❖ Application

- Use for most of new cars *(02 seats to 16 seats)* and light trucks use 12V battery manufactured for Japan, Europe, USA, Asia market.

- Use since 1996 for America, 2000 for the European, 2004 for Asia and Africa market to now

- Compatible with a variety of latest-generation models *(the entire latest-generation vehicles until 2014, not limited to new models in the following years)*

- See also List of the models which work well with OBD-II Scantool

- The scope of application of DTDScantool

❖ Advantages

- High-quality

- Newest USA Technology, not limited to new models in the following years

- Low price

❖ Function

- Determining correct the accuracy, malfunction position of components on the engine

- Read and erase fault codes has been stored in ECU

- Reset ECU back to the original parameters of the manufacturer *(Reset ECU)*

- Turn off Check Engine Light

- Look up location of faults in the engine, suggest repairing and overcoming

- Display current sensor data, including:

  1. Engine RPM

  2. Calculated Load Engine

  3. Coolant Temperature

  4. Fuel System Status

  5. Vehicle Speed

  6. Short Term Fuel Trim

  7. Long Term Fuel Trim

  8. Intake Manifold Pressure

  9. Timing Advance

  10. Intake Air Temperature

  11. Air Flow Rate

  12. Absolute Throttle Position

  13. Oxygen sensor voltages/associated short term fuel trims

  14. Fuel System status

  15. Fuel Pressure

  16. Many others...

❖ Package

- 01 OBD-II interface multi-mode

- Many options for purposes - Simple to use - Biggest database in Vietnamese at the present - Support up to 110.080 fault codes, suggest repairing for all car manufacturers - High quality, stable and exact operation - Show the big screen, display the information of faults and clear suggestion for repairmen *(no abbreviation)* - Update data of computer software for free and simple - Products are being developed and has good prestige on the market - Good specialized technology training, transfer and guide. - 12 month warranty - Maintenance, materials replacement and technical support are all convenient - Hold programs of improving and training on demand	- 01 CD installation of DTD-Code software is license to 01 computer - 01 OBD-II standard cable to connect Vehicle to OBD-II interface - 01 COM standard cable to connect Vehicle to OBD-II interface - 01 USB - COM converter to connect Computer and OBD-II interface *(Used for notebook computer without COM port)* - 01 Guide book - 01 cover ❖ **Technical details** - Operation System: Windows XP or Win 7 - Processor: 586 MHz or higher - RAM: 32 MB or higher - Screen resolution: 800 by 600 pixels or higher - COM port or USB port
